Blogging Effectively

COURSE OUTLINE

This Course will teach you how to blog more effectively for your business.

Introduction to Blogging

Understanding what blogs are and a general introduction as to how they can work as a marketing and sales tool for you and your organisation.

Getting Going With Your Blog

This topic will cover define your objectives and what you can realistically expect from your blogging. (Including how to generate revenue form a blog)

It will then cover how you can create a productive blog calendar and how to find great sources of content for your blog posts.

Creating Great Blog Titles (Click Baiting)

In this section we will take an in-depth look at writing great titles and develop great titles that encourage people to click on them.

Writing your Blog

This is a major topic of the course and covers how to actually write your blog, what format you should use and the power of images.

Search Engine Optimisation

Learn how to optimise your blog posts to ensure they achieve the best ranking possible in Google and other search engines.

Promoting your Blog

Once you have started your blog, it's time to start letting people know about it. This topic covers some of the ways you can promote your blog and build your readership.

We will also looking at the benefits of blogging elsewhere. This section covers how to optimise your blog to get high rankings in search engines, how to promote your blog in Social Media, forums, content sharing websites and industry websites. It also covers email marketing of your blog.

Questions and Answers
