

Finance for Non-Finance Managers Course

A 5-star rated course from the training experts

Finance for Non-Finance Managers

Enhance your financial knowledge and gain essential skills in our 1-day Finance for Non-Finance Managers course, empowering you to make informed, impactful decisions.

Introduction

For managers in business today, it is essential to have a working knowledge of finance. We all play a role in our organisation's financial health, whether we realise it or not.

If you don't have any training or a background in finance, you may be at a disadvantage at the management table. Understanding the cycle of finance will help you understand where you fit into your company's financial structure, and how to keep your department profitable.

This course will help you with the key concepts of finance and accounting and help you make better financial decisions with more confidence.

Who would benefit from this course?

This course is ideal for non-finance small business owners, managers, team leaders, and decision-makers who want to improve their financial literacy.

Classroom & Virtual Classroom Courses

We offer this course as a classroom based course and as a live, interactive online course.

Our classroom courses are run as private courses anywhere in the UK.

Our online courses are available for people anywhere in the world with internet access. You will be able to see the trainer, their screen, be able to chat and ask questions, just like on our regular classroom courses.

I attended several courses which were all very informative, well-structured and delivered to a high standard.

All questions I had during the day were answered.

I left with increased knowledge and feeling confident about the specific areas.
